Art - William Morris and the Arts and Crafts Movement

William Morris (1834 -1896) was a famous British designer, artist, writer, and social thinker. He was known for creating beautiful patterns, wallpaper, and furniture by hand. He believed art should be for everyone.

The Arts and Crafts Movement was a group of artists and designers in the late 1800s who wanted to bring back traditional handcraft skills and make beautiful things for everyday use. They didn't like how machines were making cheap, badly made things in factories instead believing in good design and quality.

Features of Morris' work includes being inspired by nature, repeating patterns and hand-made art using traditional techniques.

His work was used in wallpapers, fabrics, books and furniture as he believed in useful and beautiful objects.

His work is still widely used today and he started a movement which made people value art and design in everyday life - something that we still see now. His ideas inspired modern design and eco-thinking.
